remarks. The Scales of pay proposed to the Surgery Coolies, Wardens and Ayahs are more liberal than those obtaining in the Victoria Hospl, Minto Ophthalmic Hospl & the Maternity Hospl, Bangalore. Perhaps costliness of living in the Gold Fields has also to be considered — To compensate for this local allowances are given.

5 The following points may be noted in connection with the proposal: —

(1) The pay proposed for the Matron seems to admit of reduction.

(2) An allowance of Rs 4 per mensem only is admissible to the European Nurse on Rs 45, according to G. O. No. Jl 2116-58 of 9.6.03.

I have discussed the case with the Senior Surgeon as permitted in paragraph 31. I have also consulted him in regard to a draft order prepared under my instructions.

42 The Senior Surgeon considers that owing to the costliness of living on the Kolar Gold Fields, the cost of maintaining Maternity there, is necessarily high. He is positive that no suitable hands can be secured for the Institution without the salaries proposed by him.

43 It is quite possible to cut down the salaries by a comparative review of figures; but such a method would bear no relation to the peculiar conditions of the localety.

44 On this view the proposals of the Senior Surgeon have to be accepted notwithstanding the financial objection.

45 The second question is in regard to the existing Female Dispensary which should be closed under the orders already issued as soon as the Maternity is opened. But the Senior Surgeon considers that a great deal of pressure will be brought to bear upon Govt. to continue the Female Dispensary and he believes that public interests will be better served by doing so in consequence of the largeness of area which the Maternity alone will have to serve. Hence paragraph 3 of the draft order.

46 The Extraordinary Member was pleased to note in an another file that the Lady Surgeon of the Victoria Hospital might be posted to

the charge of the K.G.F. Maternity and the high cost of administering the Victoria Hospital reduced. The present Senior Surgeon was formerly of the same opinion and the Second Member also thought that the course would be quite expedient. But now the Senior Surgeon writes in a tone of protestation. Hence paragraph 4 of the draft is worded generally. According to the G.O. already issued, the Sanitary Board will bear only one-third of the salary of Rs 150+25 per mensem of the Medical officer in charge. Hence if a Lady Surgeon on Rs 400 per mensem is posted to the charge, the excess cost will have to be borne by Govt.

4] It seems necessary for the reasons given by the Senior Surgeon to sanction the proposals with regard to the cost of the maintenance of the Maternity at Robertsonpet.

48 Para 3. of the draft is approved. The Senior Surgeon has been interviewed in person & he thinks it inexpedient to post the Lady Surgeon now at the Victoria Hospital to the Maternity at K.G.F. He suggests a Lady Asst Surgeon of the 1st grade for the post. There is no objection. The question of the excess cost being borne by Govt will not arise. Separate orders

In Government Order No.2521-6/Medcl.190-10-4 dated 6th October 1911, the establishment of a Maternity Hospital at Robertsonpet, Kolar Gold Fields, was sanctioned.

Paper under disposal III. & its Enclosures. (Flag V).

2. The Senior Surgeon has submitted proposals in regard to the establishment required for the new Hospital Excluding the pay of the Lady Medical Officer and Sub-Assistant Surgeon and the local allowances, the cost of the establishment proposed amounts to Rs.285 per mensem

do

as against Rs.271 for the Bangalore Maternity and Rs.227 for the Mysore Maternity.

Page 7 of office Note.

Flag V

3. The Financial Department are of opinion that the same staff (both numerically and financially) as that sanctioned for the Mysore Maternity might be allowed to this new Hospital. But the Senior Surgeon explains that, owing to the higher rates of wages on the Kolar Gold Fields, it is not possible to secure menial servants at the rates of pay sanctioned for the Maternities at Bangalore and Mysore and that consequently the increase is unavoidable.

Draft for approval.

Flag 'I'

4. A draft order generally sanctioning the proposals of the Senior Surgeon was considered in Council on the 2nd September 1914 and the Council are of opinion that it may be approved.

5. No provision for additional expenditure on account of the pay of the Lady Medical Officer is made in the draft order, as an officer from the existing strength of the Medical Department will be posted to the charge. It is considered expedient to treat the establishment as

19

temporary for 3 years in the first instance.

6. Proposals for making permanent arrangements for housing the staff are being separately considered.

7. In the foregoing circumstances, the draft order may be kindly approved.

61 The matron of the Civil Hospl K.G. Fields cannot be allowed to draw more than Rs 60+5 on the establishment of the new maternity Hospl at Robertsonpet. The transfer may perhaps be approved, only if she can be allowed to draw Rs 70 — her present salary from the Civil Hospital, she being regarded as only doing duty temporarily in the maternity. on this point Branch II may, if asked, be consulted. There appears to be no objection to a male Sub asst Surgeon being posted to the maternity for the present as a Lady Sub asst Surgeon Sanctioned in the G.O of 25.9.14 is reported to be not available, as no extra cost is involved.

	63 ~~reference thereto~~ Submitted for orders on the 3 points noted below:—
	(1) Re. transfer of the matron of the Civil Hospl to the Maternity temporarily
	(2) Re. posting a male Sub Asst Surgeon to the Maternity in place of a Lady Sub Asst Surgeon.
	(3) Re. posting a Lady Med Officer for the charge of the ~~Maternity~~ Maternity.
	Rdm-51
	3.10.14
	64 The proposals of the Senior Surgeon relate to the posting the Matron the Civil Hospital temporarily to the Maternity, the posting a male Subassistant Surgeon in place a lady Subassistant Surgeon as one is not available at present.
	65 I see no objection to the 2nd proposal. But with regard to the first proposal, there may be some financial objection, under the Scale sanctioned for the Maternity, the pay of the Matron is Rs 60 (pay) + Rs (da). But the Matron of the Civil Hospital draws a pay of Rs 75. Perhaps, it ~~may~~ is better to ask her to do duty in the Maternity temporarily for a few hours' appointed.

SIR,

I have the honor to forward herewith letter No.G.405 dated 31st March 1914 addressed to you by the Senior Surgeon in Mysore and the Proposition statement received therewith on account of the additional establishment required for converting the Female Dispensary ar Kolar Gold Fields into a Maternity Hospital. The Proposition is (1) to add a lady Assistant Surgeon permanently to the present sanctioned strength of Assistant Surgeons. This lady is now treated as a Supernumerary but if the proposition is sanctioned, it will be a permanent addition to the sanctioned number, (2) to appoint an additional Sub-Assistant Surgeon on account of this hospital, (3) to strengthen the present establishment consisting of 5 hands into one consisting of 19 hands.

2. The financial effect of the proposition is a net addition of Rs.539/- per mensem to the permanent recurring expenditure of the State or Rs.6468/- per annum. The Senior Surgeon points out that if the proposition if sanctioned results in the absorption of a Supernumerary Lady Assistant Surgeon. But this does not affect the cost of the additional establishment now proposed as the appointment of the Lady Medical Officer is as pointed out above in addition to the present

3 It is not clear from the proposition what the Senior Surgeon proposes to do with the appointment of a Lady Apothecary who is now in charge of the Female Dispensary as under the existing scale only the charge allowance is shown. Evidently it is intended that she should continue to be included in the sanctioned strength of medical officers.

Sir,

With reference to and in continuation of my letter No.G.405 dated 31-3-1914, forwarding for sanction, a proposition statement for the establishment required for the Maternity to be opened at Robertsonpet, I have the honor to state that no intimation has yet been received regarding the completion of the acquisition of the private buildings intended for residential quarters for the staff.

2. As this seems likely to take some time and as some more time may be required for the buildings being altered and made over to this Department, and as the question of opening this Maternity has been pending for the last 2½ years from the date of Government sanction (6th October 1911,) I submit the following proposals with a view to open the institution as early as possible.

3. The Matron attached to the Civil Hospital, Robertsonpet, whom the Medical Officer in charge of the Institution is willing to spare, will be appointed Matron of the Maternity and allowed to occupy one of the rooms in the main building of the Maternity. The quarters at present occupied by her will be temporarily given to the Lady Assistant Surgeon to be posted. The two Midwives and a

part of the menial establishment will be accommodated in the newly constructed servants' quarters, and the rest of the staff permitted to reside outside, till quarters become available for them also.

4. With these arrangements I beg permission to open the Robertsonpet Maternity Hospital at an early date, and also to transfer thereto all the stock of medicines, instruments & appliances belonging to the Female Dispensary, Champion Reefs, which will be closed in pursuance of Government Order No.2521-6 Med. 190-10-4 dated 6th October 1911.

5. In this connection, I may add that I am informed that the residents of Champion Reefs may approach Government with a representation for the retention of the present Female Dispensary, even after the new Maternity is opened at Robertsonpet, as the distance between the two institutions is very great and the abolition of the former is, therefore, likely to cause much inconvenience to the public of Champion Reefs.

I have the honor to be,

NOTE.- In the above totals, the pay of the Medical Officers & subordinates has been left out, as this item varies according to the pay of the individuals who may happen to be posted to the institutions. Besides, these officers are drawn from the Provincial cadre.

The total establishment charges of the Kolar Gold Fields Maternity come to Rs 343/- per mensem. Rs 58 represent K.G.F. allowances which must necessarily be given according to rules. Deducting this the cost comes to Rs 285 per month, against Rs 271 of the Bangalore Maternity and Rs 227 of the Mysore Maternity.

This difference is explained by the fact that the pay of the menial staff of the K.G.F. Maternity has been fixed somewhat higher as it will not be possible to secure hands on less pay. These servants will have to be drawn from the resident population, and wages on the Fields are far higher than what they are in Bangalore or Mysore.

If the establishment of the existing Female Dispensary, Champion Reefs, costing Rs 60, is to be absorbed, the net additional expenditure comes to Rs 283.

2. The Senior Surgeon's proposals for the temporary accommodation of the staff contained in his letter dated 13th May 1914 read above are also approved.

3. Government will have no objection to the continuance of the Female Dispensary at the Gold Fields, if the Sanitary Board are prepared to meet the entire charge of the Institution, excepting the salary of the ~~Sub Assistant Surgeon~~ medical officer and the cost of European medicines. Pending submission of a separate report in the matter, the instructions conveyed in paragraph 2 of the Government Order, dated the 6th October 1911, in the matter of absorbing the establishment of the Female Dispensary in the sanctioned strength of the new Maternity Hospital, should be given effect to.

There is usually some Gain in the case of Similar institutions.

4. The charges on account of the establishment herein sanctioned for the Maternity at Robertsonpet should be met from the funds of the Sanitary Board and the Provincial Funds (Medical Budget) in the proportion of one-third and two-thirds respectively, as directed in the Government Order No.4564-8/Med.110-11-5 dated the 4th January 1912. Under this arrangement the Board will have to pay Rs.59 per mensem towards the salary of the Lady Medical officer, though Government may post to the charge of the Maternity, a Lady Medical officer of higher status than an Assistant Surgeon. Separate orders will issue in the matter of posting a Lady Medical officer for the charge of the new Maternity.

Med 56-13 8 : 2 2

Sir,

With reference to Government Order No. 3-7/Med.56-13 dated 25th September 1914, sanctioning an establishment costing Rs 348/- per mensem for the new Maternity Hospital at Robertsonpet, I have the honor to state that in para 2 thereof the Government have merely approved of the proposals for the temporary accommodation of the staff contained in my letter No. 490 dated 13th May 1914.

2. No orders, however, have been passed regarding the transfer of the Matron of the Civil Hospital, temporarily, to the new Maternity, pending the appointment of a suitable new hand for the place on the sanctioned pay. The Matron of the Civil Hospital draws a pay of Rs 70/- against the pay of Rs 60 plus 5/- sanctioned for the Matron of the new Maternity. The transfer, therefore, requires Government sanction, without which the Comptroller may object to pass the pay bill of the establishment.

3. Again, as a lady Sub Assistant Surgeon of the last Class is not available at present, I have ordered the posting of a male Sub Assistant Surgeon of the same class. This may also be approved.

Enclosure No.

With reference to this office D.O. letter No. 28 dated 7th August 1914, has the honor to request him to be so good as to open the new Maternity Hospital for work as early as possible, making the following temporary arrangements,-

Pending the orders of Government regarding the continuance of the Female Dispensary at Champion Reefs, the entire staff of the institution, as well as the stock of medicines and appliances will be transferred to the new Maternity.

The charge of the new buildings, furniture and fittings will be handed over to the Lady Apothecary of the Female Dispensary who

who will temporarily be in charge of the new Maternity, working under the general supervision of the District Medical Officer. The Matron of the Civil Hospital will be transferred to the new Maternity as a temporary measure. One of the two 4th Class Sub Assistant Surgeons working in the Civil Hospital, will be attached to the new Maternity, till a lady Sub Assistant Surgeon becomes available. The remaining hands will be newly entertained by the District Medical Officer, to bring up the strength of the establishment to that sanctioned in Government Order No. 3-7 Med. 56-13, dated Camp Mysore 25th September 1914, a copy of which has been separately communicated to the District Medical Officer.

Until the private buildings intended for residential quarters for the staff are acquired & got ready, the Lady Apothecary who will be in charge, will occupy the quarters now occupied by the Matron of the Civil Hospital, the latter being allowed to occupy one or two rooms in the Maternity building. The two Midwives and a part of the menial staff will be accommodated in the newly constructed servants' quarters, the rest of the establishment being permitted to reside outside, till quarters become available for them also.

With these temporary arrangements, the District Medical Officer is requested to have the new Maternity opened for work with the least possible delay, and to report the fact to this office.
